

# SURFLEAN SUPER

PERFUMED LIQUID DETERGENT FOR INDUSTRIAL USE IN WASHING-MACHINE WITH HIGH CLEANING POWER

SURFLEAN SUPER is a combination of active washing substances with emulsifiers.

Aspect	Opaque liquid
Color	Light blue
Smell	Characteristic
pH at 20°C	8-9
Density at 20°C	1,01 g/ml
Freezing temperature	Less than -10°C
Biodegradability	Greater than 90 %
Phosphorus (P) content	Less than 0,5 %
Solubility in water	Excellent (even in cold water)

SURFLEAN SUPER has a high washing power even in low temperature water. It effectively acts against dirt and even removes strong stains if directly poured over. SURFLEAN SUPER avoids the development of foam, it does not leave solid residues in drain water and on mangles and prevents the formation of calcareous deposits. Moreover, this product protects fibers and metals, makes easier the ironing and since it shortens washing times, it even reduces the consumption of energy. SURFLEAN SUPER is suitable for all kinds of industrial washing procedures.

SURFLEAN SUPER finds application in medium and large laundries. SURFLEAN SUPER can also be used with cool water (it is thoroughly soluble). It is not necessary, however, to exceed 70° C except for disinfection purposes.

Dose in washing-machine from 10 to 15 gr per Kg of goods according to the water hardness.

SURFLEAN SUPER can be stored for 2 years.

The container should always be tightly closed after the use.

Plastic container with 10 – 25 - 120 Kg content. 20 Kg ecobox.

815010 = 10 Kg

815020 = 20 Kg

815025 = 25 Kg

815070 = 120 Kg
